Some softwares are free for MBA Students during study at CEIBS. There are:

Software Description	Period of Validity	McAfee VirusScan Enterprise V8.0 Anti-virus Tool	18 months	JMP V6.0 Statistic Software	12 months	SPSS V11.5 Statistic Software	18 months
----------------------	--------------------	--	-----------	-----------------------------	-----------	-------------------------------	-----------

These softwares can be accessed from MBA Share Space, \\ceibs.edu\mbafiles\software.

According to the CEIBS policy, all MBA student computers need to be installed with the licensed Windows XP. The CEIBS IT Support Team is allowed not to provide support service for the computer installed with unlicensed Windows XP. The School provides Windows XP Professional Edition renting service for those who need it. For detailed information, please refer to relevant document.
